New York, November 9.—A letter from Hon. Thad, Steems on the subject of our National Finances is published. He commences with the assertion that so far as the financial edition of the Republic is concerned it is not, nor can it ever be in peril with the products which we can readily dis-pose of. There never can be a time when, with honest dealings, this Republic will be unable to pay all her just liabilities. GOT ONE OF THEM YET? GOT ONE

WHY, ONE OF THE

"FINLEY CHURN

WHY DO YOU ASK ME THAT QUESTION, SIR

Because one of them is needed, no doubt, and that badly, among your household conveniences, that the laborious and troublesome item of churning may become an agreeable recrustion to the laborious upon whem such duties usually devolve. What's the article? What's the description? What's it do. Well, it is simply two seraw-propeller wheels attached to the lower and of a staff or handle

which is placed in the "old fashioned" wooden or tab chorn, and worked in the same man-ner precisely as the "old Danber" these two wheels gavolve rapidly and in counter directions at every up and down movement of the "Dasher," completely duengagine, and cutting the cream into the minutest particles; while at the same time by aid of the "hir bade" in each division of the wheels, keeps the whole balk of the gream supplied with constant currents of fresh air, thus securing by the shaplest process the true principles of "Good Botter Making"

Well, air, is the thing simple-very simple? Why, so very simple when sees, that not a word of explanation is necessary. Why " Biddy," "Aunt Dinah," or the eight year old child can both understand and see it, and couldn't for A tortain Green, manager of the form of the eight year old child can be frown a Co., Chiumanus Georgia RIVER Also, agents for the "GREEN RIVER WOOLEN MILLS," Henderson, Ky. Long enough; well, my friend, does it make GOOD BUTTER and QUICK? rould we have it so quick, for the very plain and simple reason that the extraord

operation of such Chains yields as the result a more of SQFT, LARDY, assessing staff, instead of those RICH, GRAINY, WAXY, FIRM and LIVELY QUALITIES which constitute REAL GOOD BUTTER. Well, sir, I have one of the "old fashioned? Churus—an old family relig of several generations past, and do I understand you that nothing more is required than one of the "FIT-LEF DASHER"." Nothing else whatever to complete the SIMPLEST, CHEAPEST, and MOST SATISFAC-Nothing else whatever to complete the SIMPLEME, CHEAPEST, and MOST definited TORY CHURNING APPARATES that the world use yet produced.

Well, friend, once more—occuse me, air—right well pleased, but a liftle suspicious. Can't help it. Are you sure this is not one of the Yankise humings—one of the "Nachina Kutimess," or one of the "Hub of the Universe Hams" sort of trieva; such dama that would, to beek upon, bring a "broad guage" grin to the phils of the most feathfrens epicture,—but with somewhat of a change in the "programme and scenery" when cashing a siy peep at the cook after many fruitiess efforts to elice a breif or two.
